Our mission

**This slide's mission — if you choose to accept it —
is to the problem you are solving.**

The problem

“Houston, we have a problem.”
Identify what the issue is.

What seems to be the problem?

**Describe why this problem
has so much gravity.**

The problem

What?

Describe the celestial problem you're solving

Why?

Detail why it matters

Why now?

Identify why it needs to be addressed at the speed of light

This is a giant leap for humankind

Back up your argument with data

97%

of people want to live
and work in space

33%

of people believe in the
existence of alien life forms

67%

of people believe travel to
Mars could soon be possible

Our mission

**Shoot for the stars with a condensed version of
your
out-of-this-world pitch.**

The solution

Elaborate on how your idea will change the universe.

There's no GPS in space. It takes exceptional explorers — on a mission with a plan — to dodge the space junk and walk on the moon.

Your solution makes anything possible.

The solution

**Elaborate on how your big idea will blast into space
, change the way we work, and expand the cosmos.**

Market potential

The space travel market is projected to grow from \$7.7 billion in 2022 to \$14.5 billion by 2025.
